

SABOTAGE: LIGHTS OUT

The imposters' Mission Critical. Read this page out loud, top to bottom.

THE CALL

“LIGHTS. Nobody runs. Bring me five supplies:”
“[read the set] — ONE ITEM PER PERSON. Five items, five different people.”
“You have TWO MINUTES. Go.”

Then start the two-minute count out loud at 90, 60, 30 and 10 seconds.

OUTCOMES — mark these on the whiteboard; the clock moves by itself

SUCCEED All five on the desk inside two minutes

+1:00 on the round clock. Lights back up.

FAIL Two minutes gone, or two items from the same pair of hands

+2 deaths on the whiteboard and -1:30 off the round clock. The round does NOT end.

LIMITS

Two Sabotage events per round. None in the first two minutes.

Any counselor can be tapped to trigger it — not just the Roaming Referee.

The tapped counselor waits about five seconds, then starts dimming. Others join in.

SAFETY — say the first line out loud before the first Sabotage of the night

Lights DIM, never off. One counselor stands at the stairs and does nothing else.

Flashlights to the stair counselor and the Ghost Guide.

During Sabotage only, running costs you a mark — crossed out on the spot.

RESET — do this before play resumes

Hand the five props to five students and send them to re-place them.

Every prop has its door printed on it, so nobody has to remember.
